01

A majestic combination of simplicity and handcrafted details that flourish from the sides make this a popular line among interior designers.

Like the beautiful waves of the sea, the wave-like details combined with a completely smooth design reflect the beauty of forms that seem to be in constant movement.

An original and historic creation, the result of a combination of design and craftsmanship. Its semi-smooth plate highlights its elaborate details.

This is a MESTRE's iconic creations. Reflecting the know-how of our artisans, this design takes us back in time with infinite delicacy.

As if it were a precious necklace, the details in the form of a chain take centre stage in this line without allowing you to look away.

Nature takes over this line with perfectly sculpted floral details that symbolising a pure rebirth.

With the paradox between its simplistic form and its versatile style, this line can adapt equally to retro aesthetics, as well as to a prestigious and glamorous atmosphere.

Geometric patterns that mesmerise the eye every time you look at them, and a deafening elegance, make it a line suitable for the most exclusive homes.

Glamorous and versatile at the same time, this line makes any atmosphere shine because the handle is adorned with sculpted crystal.

TREASURE

SERIES

JEWEL STYLE

It's said that time is gold, in our case, time is much more than that. Details, dedication, exclusivity and the doorway to handcraft. To handmade art. Piece by piece. Since 1952, time has taught us if you treat it unhurriedly, like we do since more than sixty five years ago, results are brilliant like gold itself.

Gold used by the most exclusive door hardware collection TREASURE by Mestre, made of brass and Swarovski crystal.

A jewel style serie perfect for suites and the most exclusive homes.

03

Is our most challenging design, because behind this spectacular design there is a great deal of craftsmanship. Long hours of expert work to achieve a unique handle.

This line deserves a majestic and voluminous rosette with an air of royalty and elegance.

Rounded and stylish, this rosette design dazzles with its elaborate wave-like details.

MALACHITE

There are no two identical stones. Malachite is a hand-craft semiprecious stone very popular in jewelry for its attractive lighter and darker green tonalities. Malachite stone

LAPIS LAZULI

Lapis lazuli is a gem with a characteristic ultramarine blue colour, very appreciated in art and jewelry since antiquity. This semiprecious stone was considered a symbol of purity, health, luck and nobility, which motivated that it was used in different valuable objects in multitude of cultures. Extracted from the great depths of the Eurasian mines, its intense blue colour makes it one of the most beautiful stones in the world. They say that it has great energetic power and that staring at it is like contemplating the bottom of the ocean.
